O R D E R

On January 31, 1992, the Commission received the attached letter from a property owner within 500 feet of the tower proposed to be constructed behind Tri-County Square Shopping Center at 1629 Ohler Road, referred to as the MTSO cell site. Also attached is a copy of Mr. Faulkner's comments, filed on December 9, 1991, in Case No. 91-247,<sup>1</sup> which were referenced in the letter.

IT IS HEREBY ORDERED that First Kentucky Cellular Corporation ("First Kentucky") shall:

1. Respond in writing to Mr. Faulkner's concerns regarding the alleged hazard that exists due to the proposed tower's close

Gentlemen:

Please consider my comments relative to Case  
No. 91-247, which were forwarded to you on  
4 December 1991, applicable to Case No. 92-035  
as well.

The following additional comment is offered:

Aerial Layout Drawing, dated 14 Oct 1991,  
by Meredith Aerial Surveys, Inc. indicated  
that the 20' x 25' structure, near the tower base,  
to be an "Outbuilding". I personally know that  
this building has been continually occupied  
as a residence for the past 12 years.

Sincerely,

Herman C. Faulkner

Re: Case No. 91-247

PUBLIC SERVICE  
COMMISSION

Gentlemen:

My Comments and objections to the proposed construction noted in Case No. 91-247 are as follows:

1. The proposed location of this tower is in the center hub of a shopping center, a drive-in restaurant and a housing subdivision. This leads me to believe that surrounding property owners were of little concern to Kentucky Cellular Corporation when this site was selected.

2. The proposed tower (concrete base of which is already in place) will be constructed within Fifty (50) to Seventy (70) feet of two (2) homes and a High Voltage Electric Transmission Line (Kentucky Utilities Co.). Should this tower ever be toppled by winds, toranados or other means, catastrophic consequences could occur.

3. The proposed tower with attached guy wires, being within the near proximity of my home, will create an unsightly view and will definitely be determintal to the value of my property.

4. The proposed tower will most likely require permanent blinking lights to be installed on it. This will create a perpetual nuisance when viewing the area from my home. Also, the blinking lights would always show through my windows at night.

Sincerely,

*Herman C. Faulkner*
